

ABOUT IIRS

Indian Institute of Remote Sensing (IIRS), a constituent unit of Indian Space Research Organization (ISRO), Department of Space, Govt. of India is a premier training and education institute setup to develop trained professionals in the field of Remote Sensing, Geoinformatics & GPS technology for natural resources, environmental and disaster management. While nurturing its primary endeavor to build capacity among the user community by training mid-career professionals, the institute has enhanced its capability and evolved many training & educational programmes that are tuned to meet the requirements of various target groups, ranging from fresh graduates to policy makers including academia. Its alumni include participants from India and international participants from about 96 countries.

The institute also conducts distance learning programmes which are first of its kind in the country in the field of 'Earth observation and Geo-information technologies'. To widen its outreach, IIRS has started live and interactive Distance Learning Programme (DLP) since 2007. Today around 950 institutions and organizations are networked with IIRS and about 1,12,000 participants have attended various DLP courses. IIRS has also launched e-learning courses on Remote Sensing and Geo-information Science since 2014. Its experienced faculty offer a multi-disciplinary dimension to the training programmes. IIRS is also one of the most sought after institute for conducting tailor made courses for professionals from Central and State Government Ministries and stakeholder departments for effective utilization of Earth Observation (EO) data.

The institute campus also hosts Centre for Space Science and Technology Education in Asia and Pacific (CSSTEAP), affiliated to UN and conducts international training programs in Remote Sensing and GIS. For more details please visit: www.iirs.gov.in.

LOCATION & ACCESSIBILITY

IIRS is located in Dehradun and well connected to major cities via, air/rail/road. City is famous for its picturesque landscape, pleasant climate, high quality school education and several scientific organizations of national & international reputation. Places of religious & tourist importance like Haridwar, Rishikesh and Mussoorie etc. are located in the vicinity of Dehradun.

IMPORTANT DATES

The course duration is of three weeks from November 20-December 01, 2023. **Last date to apply for the course is September 30, 2023.**
